

Year 2 - Fire Safety Visit - October 2017.

The Year 2 children were visited by a local fire safety officer to talk to the children about the dangers of fire, and what to do in an emergency situation. The children participated in discussion about what may cause a fire and how they can prevent fires from happening at home. Children also learnt the action of 'Stop, Drop and Roll' and acted this out. At the end of our session, the children watched a video that consolidated what they had learnt and answered questions about what to do when a fire happens at home. The children were very excited to have a visitor in school and learnt lots of facts about fire safety. Thank you to the Nottingham Road Fire Station for helping us to become more fire aware.

Here are some photos of our session.
