

## KS1 Victorian Day - October 2017.

This term, KS1 are learning about The Victorians and on the last day of half term, children were invited to dress for a Victorian themed day. Throughout the day, the children engaged in a variety of activities including designing either a Victorian room or house, taking part in a cursive handwriting lesson and learning about life at school as a Victorian child. Each teacher set up their classroom in a Victorian style and also dressed up for the occasion. The children are relieved that the teachers don't have to be that strict every day!

Here are some photos that we took throughout the day.
