

Key Stage 1 Phonics Screening Test

Year 1 and some of Year 2 have been taking their Phonics Screening Tests. In the weeks running up to the test the children have worked really hard within their English and phonics lessons to learn all the phase 3, 4 and 5 sounds. The phonics test is made up of two sections. The first section includes nonsense words which the children name 'alien words' (words containing phase 3, 4 and 5 sounds that don't make any sense). The second section includes words that are real and that most of the children recognise straight away.

All the hard work that the children put in has really made a difference.

A BIG well done to all the children who took part

in the Phonics
Screening Test!!
