Don't panic! It's only SATS!

Sophie W. & Jack L. Leesbrook Yr7

You may be wondering why we are writing this? Well, we wrote this article in July 2015, one month after we finished our SATS. Mr Fletcher asked us to write this, as we know exactly what SATS are like and what you're probably thinking!

Are you worried? Nervous? Scared of not doing well? Fearful of what your parents/guardians may say? Well, we can DEFINETLY say "DON'T PANIC! YOU'LL DO GREAT!"

Like you, our year group was frightened, we were worried about what it was going to be like, but in the end it was like just any normal day, with just a couple of tests. All your teachers and parents want you to do, is to try your best! You won't know the answer to all the questions, there's definitely going to be some questions you're gonna get stuck on. What you need to remember is don't freak out! If you feel like you're worrying too much, then tell Mrs Hutchison, Mr Fletcher, Mrs Stevens or whoever you feel comfortable talking to. At the end of the day, they are only tests to show others what you've been doing over the past 6 years at Beaufort and what you're capable of! We know SATS may seem scary, but they're not. They'll be over before you know it, then you'll be looking forward to your 'end of year play.'

Panini Euro' 2016
Sticker Album:
Worthwhile? Or a waste
of money?

Declan McC. Yr6

I 'm sure you must know at least one person in your class or year, boy or girl, who is collecting the Panini Euro' 16 stickers? In the sticker book itself, is a match schedule of where and when all the matches are taking place in the summer, as well as which teams will be taking part.

It's a great hobby to have, but it can become very addictive and expensive! A pack of 5 stickers costs you 50p and there are 680 stickers to collect, which means to fill the entire sticker book, without getting any doubles, you would have to buy 136 packets of stickers at a cost of £68.00!!! Although, it can be expensive, it is a good way to interact with friends and a good way to learn about the different countries across

Europe.

Although it's fun to swap stickers with friends, it can end up in arguments, which is why it's best not to swap them in school. And to keep them at home, in case you end up losing them!

Leicester City WIN Premier League Title!

Ben J. Yr6

On Monday 2nd May 2016, Spurs were held to a 2-2 draw at Chelsea, confirming that Leicester City won the Premier League title for their first time in their 132 year history! It has been an unbelievable season for the club from the East Midlands who were predicted by most football pundits and commentators to be relegated this season. This awesome season has been capped by some amazing games against the likes of Man City, Liverpool and Spurs! But one player has stood out from all the rest... JAMIE VARDY! The Foxes' star striker has scored an amazing 24 goals this season that has not only helped Leicester win the title, but also send Vardy into the England team, where he hopes to gain a place in Roy Hodgson's England Euro 2016 squad fro France. Other great players for Leicester this season have been the magical Algerian winger Riyad Mahrez setting up dozens of goals for the likes of Vardy and Argentine giant Leonardo Ulloa. This has also helped Mahrez win the PFA player of the year award, which is voted for by all other Premier League players.

Other star players for Leicester this season were their big Danish goalkeeper, Kasper Schmeichel, whose dad, Peter, won the F.A Cup, Premier League and Champions League with Man United. Leicester City captain, Wes Morgan has also had an exceptional season at the centre of defence, with German centre back Robert Huth. It is no doubt that Leicester has shocked all other Premier League clubs and it will be interesting to see what major signings the other clubs will make in the summer to try and close the gap on Leicester City. Finally, it will be interesting to see how Leicester manage next season with extra games in the Champions League?! Who knows, they could WIN that!
