

PE and Sport Premium 2016/17

Background

The government in England is providing funding of £150million per annum for academic years to provide additional substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school head teachers to spend on improving the quality of physical education and sport for all their children. Funding for schools will be calculated by the number of primary-aged pupils (between the ages of 5 and 11) as at the annual schools 'census in January 2013. All schools with 17 or more primary-aged pupils will receive a lump sum of £8,000 plus an additional premium of £5 per pupil. The funding is ring-fenced and can only be spent on physical education and sport provision in schools. Schools will have to spend the funding on improving their provision of physical education and sport, but they will have the freedom to choose how they do this.

In light of this funding Beaufort Primary School have reviewed our provision and intend to use this funding to:

- Further improve the quality of PE lessons by hiring PE teachers to work alongside our teachers when teaching PE
- Buy in quality assured coaches to work with pupils to develop skills in a range of sports
- Increase pupil participation in competitive sport through developing links with other schools and sporting associations

FUNDING

In 2014/15 our school received: £9050

In 2015/16 our school received : £9114

Our current funding for 2016/2017 is : £9,114

Details of how our PE funding for this academic year will be spent is outlined below.

Action	Cost	Success criteria
Further improve the quality of PE lessons through providing a specialist physical education teacher to work alongside staff when teaching PE	Sporting bodies 38 sessions £3,040	Staff further develop their skills to deliver consistently high quality provision in all areas of PE including dance, gymnastics and games. Planning reflects progression of skills across the school.
Improve the curriculum by using specialist support to improve planning and develop assessment procedures	As above costings	Long term planning is progressive and challenging. Staff acquire a stronger subject knowledge and develop their skills to accurately assess pupils' progress and plan next steps. To ensure that at least 80% of pupils attain the national standard in PE by the end of the academic year.

Challenge the more able pupils to acquire greater confidence and skills in a wider range of sporting activities. Weekly session led by professional coach and supported by PE leader	Weekly lunchtime coaching sessions £1,520	More able children demonstrate improved skills and greater confidence to engage in a wider range of sports
Increase the percentage of lower KS2 pupils who are able to swim. To allow development of more competent swimmers in upper KS2	£5,000 Cost for additional weekly Y3/4 swimming lessons, transport, pool hire, swimming instruction	By the end of Y3/4 almost all pupils are able to swim and achieve swimming awards. By the end of Y5 majority of pupils are competent swimmers and many achieve higher level swimming awards
Further develop a wider range of lunchtime activities so that children have a healthier and more active lunchtime	£200 (TA support and equipment)	An increased number of pupils are observed participating in a range of lunchtime physical activities
Purchase specialist equipment/ teaching resources/PE kits to ensure all children can participate in sporting activities	£100	PE throughout the whole school is well resourced- all pupils are able to access sport as there is adequate equipment to allow all children to participate.
To increase participation and have success in competitive sports. To further develop partnership work with feeder secondary schools	£150 Transport/equipment	To establish links with other schools to allow participation in inter school sports Pupils to attend sporting events led by Local Secondary schools and to gain greater confidence in competing with a wider variety of other children.
To provide leadership time half termly for subject leaders to monitor sport across school and attend any relevant CPD to enhance their roles	£600	Subject leaders have a secure overview of their subject and are able to accurately monitor and evaluate their annual action plan. Next steps for development in PE are identified and addressed.
Total expenditure	£10,610	

A review of the impact of previous Sport Grant 2015/16

Action	Impact
Increase the percentage of lower KS2 pupils who are able to swim. Develop more competent swimmers in upper KS2 participating in additional swimming lessons	Assessments at the beginning of the year show that on average 10% of cohorts were judged as being able to swim confidently. By the end of their swimming sessions 85% of pupils were confident swimmers with all being pupils able to swim
Purchase specialist equipment and teaching resources. To provide PE kits for some pupils to ensure all children can participate in sporting activities	Sufficient PE kit is available to allow all pupils at school to participate in Sporting activities Further PE resources were purchased to support both PE lessons/ Lunchtime activities and after school activities. Equipment for EYFS purchased to increase participation in a wider range of activities.
Leadership time for new PE leaders to review current provision to include undertaking learning walks, reviewing planning and auditing sports clubs and coaches	Learning walks carried out- feedback disseminated to staff. Pupil surveys identified areas for development. Action plan in place which is monitored and reviewed. CPD- Planning formats and skills progression
Specialist coaches to Increase the number of pupils participating in after school clubs with a focus on girls participation	100% uptake of clubs (KS1-gymnastics/KS2-netball.) Pupil feedback showed pupils enjoyed the sessions and gained valuable skills. 50% of pupils stated they intended to join a club outside of school if they could.
To provide opportunities for increased participation in arrange of extra -curricular	35 children (both girls and boys) received daily training and physical exercise. Activities over the year included football, cricket, cycling, tennis, gymnastics and dance
