Venice

Where is Venice?

Venice is in Italy it is also located in the north east. Venice is made of 122 tiny islands. Every time you go under a bridge you have to kiss. Venice is very popular with tourists it has over a million people every year!

How do people travel Venice?

In Venice you travel in gondolas because the city is almost all water and in water buses as well. You can also walk over bridges and there are no cars in Venice.

Which money should I use in Venice and what should I buy?

In Venice they don't use pounds they use euros. You can buy glass ornaments and masks. You can also buy food - sea food, pizza and ice cream.

Key buildings and places to visit in Venice

In Venice there is gondola racing but sadly you can't go on them while they are racing. You can also go to hear the musicians but it is 6 euros for a chair. There is also a local market you can go to.

The Venice carnival

In the carnival you have to wear a mask to cover your face. The carnival was stopped in 1930 and started again in 1980. There's also fashion shows at the carnival.
