

Every Wednesday we put on Literacy workshops for parents and carers. Each half term we select a group of children who would benefit from their parents joining them to learn effective learning strategies from staff. Parents then continue this work at home through 'homework', and these workshops have already had a positive impact on raising the children's levels in Literacy.

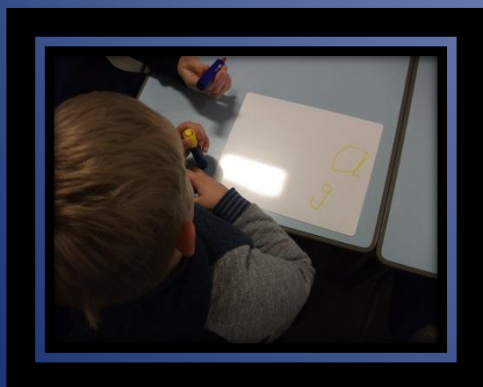

'I am so impressed with the improvement that my son has made in reading and phonics'

Parent comment

'I am very proud of my daughters phonic skills and how she can sound out all of her words. Her letter formation is now fantastic!'

Parent comment

'I have really benefited from the phonics handouts and have found the internet links very useful.'
