Beaufort Primary School

Special Education Needs and Disability Policy

Beaufort Primary School values the abilities and achievements of all its pupils, and is committed to providing each pupil with the best possible environment for learning.

THE SEND AIMS OF THE SCHOOL

- To ensure that all pupils have access to a broad and balanced curriculum
- To provide a differentiated curriculum appropriate to the individual's needs and ability.
- To ensure the identification of all pupils requiring SEND provision as early as possible in their school career
- To ensure that SEND pupils take as full a part as possible in all school activities
- To ensure that parents/carers of SEND pupils are kept fully informed of their child's progress and attainment
- To create an environment where pupils can contribute to their own learning, where they feel safe and listened to.

DEFINITION OF SPECIAL EDUCATIONAL NEEDS

Definitions of special education needs taken from section 20 of the Children and Families Act 2014.

A child has special educational needs if he or she has learning difficulties that call for special educational provision to be made.

A child has learning difficulties if he or she:

- **Has a significantly greater difficulty in learning than the majority of children of the same age**
- **Has a disability which prevents or hinders the child from making use of educational facilities of a kind provided for children of the same age in other schools within the Local Authority**

Special education provision means:

- **Educational provision which is additional to, or different from, the educational provision made generally for children of the same age in maintained schools, (other than special schools) in the area**

Children must not be regarded as having learning difficulties solely because their language, or form of the home language, is different from that in which they are taught.

Beaufort Primary School will have due regard for the Special Needs Code of Practice 2014 when carrying out our duties towards all pupils with special educational needs, and ensure that parents are notified when SEND provision is being made for their child.

Special educational needs could mean that a child has difficulties in:

- Communication and Interaction - in expressing themselves or understanding what others are saying
- Cognition and Learning - in acquiring basic skills in school
- Social and Emotional Mental Health - making friends or relating to adults or behaving properly in school

- Sensory and/or Physical - such as hearing or visual impairment, which might affect them in school or medical or health condition which may slow down a child's progress and/or involves treatment that affects his or her education.

Children make progress at different rates and have different ways they learn best. Teachers take account of this when they plan teaching and learning activities. Children making slower progress or having particular difficulties in one area may be given extra help/support or different lessons to help them succeed.

ADMISSIONS

The admission arrangements for all pupils are in accordance with national legislation, including the Equality Act 2010. This includes children with any level of SEND; those with Education, Health and Care Plans and those without. In common with other maintained schools, the Local Authority (Derby City Council) administers admissions into the school.

INCLUSION

This policy builds on our School Inclusion Policy, which recognises the entitlement of all pupils to a balanced, broadly based curriculum. Our SEND policy reinforces the need for teaching that is fully inclusive. The Governing Body will ensure that appropriate provision will be made for all pupils with SEND.

ALLOCATION OF RESOURCES

The Governing Body ensures that resources are allocated to support appropriate provision for all pupils, within budget constraints.

IDENTIFICATION

At Beaufort Primary School we have adopted a whole-school approach to SEND policy and practice. All staff are committed to the principles and aims of this policy. Pupils identified as having SEND are, as far as is practicable, fully integrated into mainstream classes. Every effort is made to ensure that they have full access to the National Curriculum and Early Years Foundation Stage Curriculum and are integrated into all aspects of the school.

All teachers are responsible for identifying pupils with SEND and, in collaboration with the SENCO, will ensure that those pupils requiring different or additional support are identified at an early stage. Assessment is the process by which pupils with SEND can be identified. Whether or not a pupil is making progress is seen as a significant factor in considering the need for SEND provision.

Early Identification

Early identification of pupils with SEND is a priority. The school will use appropriate screening and assessment tools, and ascertain pupil progress through:

- Evidence obtained by teacher observation/ assessment.
- Foundation Stage profile scores and their progress against the criteria contained in the 'Ages and Stages' documentation
- Their performance in National Curriculum subjects judged against assessment requirements.
- Pupil progress in relation to the National Curriculum objectives in English and Maths

Assessments

Assessments made will be through:

- Observations
- Records from feeder schools, etc.

- **Information from parents/carers**
- **Foundation stage assessments**
- **Foundation stage profiles**
- **Target setting**
- **Pupil tracking**
- **Formal termly assessments**
- **Progress in SEND intervention groups**

CODE OF PRACTICE GRADUATED RESPONSE

The school adopts the levels of intervention as described in the SEND Code of Practice. The Code of Practice advocates a graduated response to meeting pupils' needs.

SEND MONITOR

- Any pupils who are falling outside of the range of expected academic progress will be monitored and assessments will be made as described above to determine if further intervention is required.
- The class teacher will take steps to further differentiate the learning to better support the pupil and this may require an adjustment in the style of teaching adopted with that pupil.
- The SENCO should be informed and consulted to provide support and advice and may wish to observe the pupil.
- Parents/carers will be fully informed so they can share information and knowledge with the school to help better understand the needs of the child.
- The child is recorded as being monitored; this does not mean they will automatically be placed on the SEND register.

SEND SUPPORT

Where it is determined that a pupil does have SEND, parents/carers will be formally advised of this and the decision to add the pupil to the SEND register is made. The aim of formally identifying a pupil with SEND is to help school ensure that effective provision is put in place and so remove any barriers to learning. The support provided consists of a four part process.

- Assess
- Plan
- Do
- Review

This is an ongoing cycle to enable the provision to be refined and revised as the understanding of the needs of the pupil grows. This cycle enables identification of those interventions which are most effective in supporting the pupil to achieve good levels of progress and outcomes.

Assess

This involves clearly analysing the pupil's need using the class teachers' assessment and experience of working with the pupil, details of previous progress and attainment, comparisons with peers and national data, as well as the views and experience of the parents/carers. Advice from external support services and staff will be sought if appropriate and with the agreement of the parents/carers.

Plan

Planning will involve consultation between the teacher, SENCO and parents/carers to agree the adjustments, interventions and support that are required; the impact on progress, development and/ or behaviour that is expected and a clear date for review. Parental/carer involvement may be sought, where appropriate, to reinforce or contribute to progress at home. This plan will be

recorded in the form of a Target Planning and Reviewing document which will be shared with staff, parents and the pupil.

Do

The class teacher remains responsible for working with the child on a day to day basis. They will retain responsibility even where the interventions may involve group or one to one teaching away from the main class teacher. They will work closely with teaching assistants to plan and assess the impact of support and interventions and ensure links with classroom teaching. The SENCO will support with further assessment of the pupils strengths and weaknesses.

Review

Reviews of a child's progress will be made regularly. The review process will evaluate the impact and quality of the support and interventions. It will also take account the views of the pupil and their parents/carers. The class teacher, in conjunction with the SENCO, will revise the support outcomes and based upon the pupils progress and development make any necessary amendments going forward, in consultation with parents/carers and pupils.

REFERRAL FOR AN EDUCATION, HEALTH AND CARE PLAN

If a child has lifelong or significant difficulties they may undergo an Education, Health, Care Needs Assessment which may be requested by the school, parent/carer, health or social care. This will occur where the complexity of need or lack of clarity around the need of the child are such that a multi-agency approach to assessing that need, to planning the provision and identifying resources is required.

The decision to make a referral for an Education, Health and Care plan will be taken at a progress review.

The application for an Education, Health and Care Plan will combine information from a variety of sources including:

- **Parents/carers**
- **The pupil (where appropriate)**
- **Teachers**
- **SENCO**
- **Teaching Assistants**
- **Social Care Professionals**
- **Health Professionals**

Information will be gathered relating to the current provision provided, action that has been taken, and the preliminary outcomes of targets set. A decision will be made by a group of people co-ordinated by Derby City Council (including professionals from education, health and social care) about whether or not the child is eligible for an EHC Plan. Parents/carers have the right to appeal against a decision made by the Education Health Care panel.

Education, Health and Care Plans

- a) **Following statutory assessment, an EHC Plan may be provided by Derby City Council, if it is decided the child's needs are not being met by the support that is ordinarily available. The school and the child's parents/carers will be involved developing and producing the plan. Parents/carers have the right to appeal against a decision not to issue an ECH Plan.**
- b) **Parents/carers have the right to appeal against the content of the EHC Plan. They may also appeal against the school named in the plan if it differs from their preferred choice.**

- c) Once the EHC Plan has been completed and agreed, it will be kept as part of the pupil's formal record and reviewed at least annually by staff, parents/carers, professionals external to the school, representatives from the Local Authority and the pupil. The annual review enables provision for the pupil to be evaluated and, where appropriate, for changes to be put in place, for example, reducing or increasing the levels of support.

SEND PROVISION

On entry to the school each child's attainment will be assessed. This will help to inform the school of a child's aptitudes, abilities, and attainments. The records provided help the school to design appropriate differentiated learning programmes. For pupils with identified SEND the SENCO/Class teacher will use the records to:

- Provide starting points for an appropriate curriculum
- Identify the need for support within the class
- Assess learning difficulties
- Ensure on-going observations/assessments provide regular feedback on achievements/experiences, for planning next steps in learning
- Involve parents/carers in a joint home-school learning approach

ENGLISH AS AN ADDITIONAL LANGUAGE

For those pupils whose first language is not English, teachers will closely follow their progress across the curriculum to ascertain whether any problems arise from uncertain command of English or from special educational needs. It will be necessary to assess their proficiency in English before planning any additional support that might be required.

STAFFING

The SEND team of the school is:
SEND Coordinators (SENCO) Mr Phil Harris and Mrs Helen Hutchison
SEND Governor Mrs Lynne Biggs

TRAINING

We aim to keep all staff up to date with relevant training and development. The SENCO will attend additional training to support their role. The SENCO, with the senior leadership team, ensures that training opportunities are matched to the school development priorities.

PARTNERSHIP WITH PARENTS/CARERS

Beaufort Primary School firmly believes in developing a strong partnership with parents/carers and that this will enable children and young people with SEND to achieve their potential. The school recognises that parents/carers have a unique overview of the child's needs, and that this gives them a key role in the partnership. The school aims to work in partnership with parents/carers.

We do so by:

- keeping parents/carers informed and giving support during assessment and any related decision-making process about SEND provision
- working effectively with all other agencies supporting children and their parents/carers
- giving parents/carers opportunities to play an active and valued role in their child's education
- making parents/carers feel welcome
- ensuring all parents/carers have appropriate communication aids and access arrangements
- providing all information in an accessible way
- encouraging parents/carers to inform school of any difficulties they perceive their child may be having or other needs the child may have which need addressing

- instilling confidence that the school will listen and act appropriately
- focusing on the child's strengths as well as areas of additional need
- allowing parents/carers opportunities to discuss ways in which they and the school can help their child
- agreeing targets for the child
- making parents/carers aware of the Parent Partnership services.

EVALUATING THE SUCCESS OF OUR SEND POLICY

The SEND Governor will meet at least annually with the SENCO and audit policy and provision. A monitoring report will be presented to the full governing body.

Pupil progress will provide evidence for the success of the SEND policy and this will be analysed carefully through:

- **Consideration of each pupil's success in meeting targets when reviewed.**
- **Use of standardised tests – SATs, Foundation profile scores**
- **School tracking systems**

In addition the school will publish an annual SEND Information report which can be viewed on the schools website which details the key SEND information for the year.

COMPLAINTS PROCEDURE

Any complaint concerning SEND should be sent directly to the SENCO or the Headteacher in the first instance. If parents/carers remain dissatisfied they should follow the procedures laid out in the school's Complaints Policy which is on the school's website www.beaufort.derby.sch.uk

LINKS WITH EXTERNAL AGENCIES/ ORGANISATIONS

The school recognises the important contribution that external support services make in assisting to identify, assess, and provide for SEND pupils.

When it is considered necessary, colleagues from the following support services will be involved with SEND pupils:

- **Educational psychologists**
- **School nurse**
- **Community paediatrician**
- **Speech and Language therapists**
- **Physiotherapists**
- **Occupational therapists**
- **Hearing impairment services**
- **Visual impairment services**
- **Physical impairment services**
- **Primary behaviour support**
- **Mental health support**

In addition, links are in place with the following organisations:

- **The Local Authority**
- **Education Welfare Officer**
- **Social Services**
- **SENCOs in other Derby schools**

.This policy was agreed by the governing body in October 2016

Review date: October 2018
