Keeping Safe Online

On Monday 5th June, a group of actors and actresses came in to put on a production on 'e-safety' (keeping yourself safe on the internet) which they performed to Years 3, 4 and 6. The group looked at how you should stay safe online and NOT give out any personal information to ANYONE, e.g your name, address, what school you go to and definitely NEVER send ANY pictures or photos!

One of the most important other things to remember when keeping safe online is to NEVER give out or share your PASSWORD, even if it is to a friend, or especially to a stranger! One Year 6, who wished not to give their name said, "I once gave my password to an online game to a friend's brother, who was older than me, who then changed my password, so I couldn't log into it and DEMANDED £20 from me, to get it back! Thankfully, I told my mum and dad and they had to go and speak to his parents, in the end I got it back, but he had sold parts of my games to other people online. I'll NEVER give my password out ever again!"

TOP 5 Kid's Films

1. Finding Nemo
2. Frozen
3. Toy Story
4. Shrek
5. The Lion King

- A. Two children on a laptop
- B. Two dogs eating
- C. Two children reading a book
- D. An elf fishing in a lake

Q5. What is the final year at Beaufort?

- A. Year 5
- B. Year 6
- C. Year 7
- D. Year 5 and a half

Q6. What is the first lesson of the day?

- A. English
- B. Maths
- C. Topic
- D. Science

Q7. What time does the school day finish?

- A. 3.00pm
- B. 15.15
- C. 3.15am
- D. 15.00

Q8. Which teacher is in classroom 11?

- A. Miss Haque
- B. Mrs Hutchison
- C. Mrs Stevens
- D. Mr Harris

ANSWERS OPPOSITE

Water Safety

It can be very easy to think it would be refreshing to take a dip in a river or lake when the weather is boiling hot, but do you think there's a risk to diving in? Even though the water may look inviting and calm, there could be anything lurking underneath... old shopping trolleys, broken glass, long water reeds, or something else that could harm you, or drag you under!

You may swim well in a warm indoor pool, but that does not mean that you will be able to swim in cold water. The dangers of water include:

- **Very cold temperatures**
- **Hidden Currents**
- **Fast flowing water, beware of locks and weirs**
- **Deep water, it can be difficult to estimate the depth**
- **There may be hidden rubbish or debris under the surface that can trap, snag or cut**
- **It can be difficult to get out, banks can be steep, slimy and crumble away**
- **No lifeguards, most outdoors waterways do not have lifeguards**
- **Water pollution may make you ill**

ANSWERS:

Q1. STEVENS Q2. Miss Orme, Mrs Pres-ton, Mrs Chadwick Q3. C Q4. C Q5. B Q6. B Q7. 15.15 Q8. A

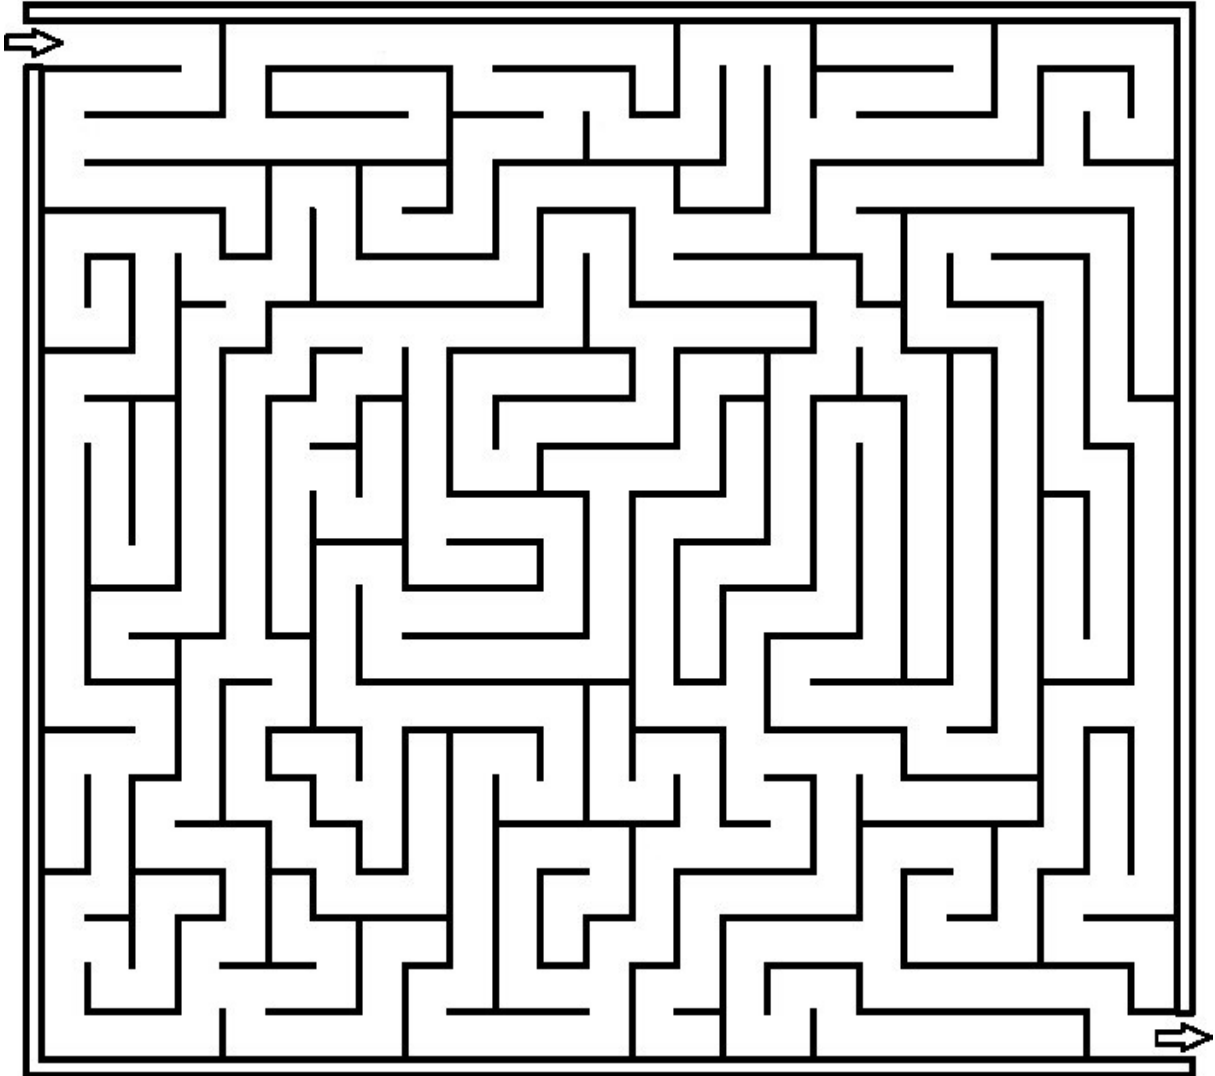

Water Safety Colouring Sheet

It may seem like a good idea to cool down in the summer by taking a dip in a river or lake, but there can be many dangers lurking under the water! Why not have a read of the article opposite (on Page 2) to understand why having a dip in a river or lake may not be a good idea!

Maze

Can you find your way through the maze? Starting from the top left hand corner, work your way through the maze and try and come out at the end (bottom right hand corner).

Peppa Pig Spot the Difference
