Creepy Halloween Cupcake Recipe!

This delicious and cupcake recipe is easy whip-up and makes a lovely creepy Halloween treat!

Ingredients

For the cupcakes

- 125g/4½oz plain flour
- 25g/1oz cocoa powder
- 1½ tsp baking powder
- 150g/5oz caster sugar
- 150g/5oz unsalted butter, softened at room temperature
- 1 free-range egg
- 8 tbsp milk

For the cream cheese icing

- 50g/2oz cream cheese
- 25g/1oz butter, softened at room temperature
- 125g/4oz icing sugar, sifted
- ½ tsp vanilla essence

For the chocolate icing

- 25g/1oz icing sugar
- 1 tbsp cocoa powder

Method

- 1) Preheat the oven to 180C/350F/Gas 4. You may need to ask an adult for help. Line a muffin tray with 9 paper cases.
- 2) Sift the flour, cocoa powder and baking powder into a bowl. Add the sugar and butter and beat the mixture together.
- 3) Whisk in the egg and milk until the mixture is thick and smooth.
- 4) Put the mixture between the paper case and bake in the oven for 20-25 minutes, (ask an adult to use the oven) or until springy to the touch and skewer inserted into the middle of one of the cakes comes out clean. Set aside to cool on a wire rack.
- 5) For the cream cheese icing, beat the cream cheese and butter together in a bowl until well combined. Beat in the icing sugar and vanilla.
- 6) Spoon the icing onto the cupcakes, leaving a small border around the edge.
- 7) For the chocolate icing, sift the icing sugar and cocoa powder into a bowl. Stir in 2 table-spoons of water to form a smooth, thick icing.
- 8) Transfer the mixture to a piping bag with a fine nozzle. (Alternatively, spoon the mixture into the corner of a sandwich bag and snip off the corner, to form a small hole.)
- 9) Carefully pipe 3 circles onto each cupcake. Run a toothpick from the centre to the edge of the cake, through each circle of icing, at 2cm/1in intervals to create a cobweb effect.
- 10) Set aside for 20 minutes to allow the icing to harden, then EAT THEM!

**REMEMBER TO ASK AN ADULT FOR HELP
WHEN USING THE OVEN OR SHARPE
UTENSILS**
